Bendigo Bank Aerial Patrol

The Aerial Patrol was formed in 1957 following a meeting convened by the City of Greater Wollongong Council. The Patrol's charter, to maintain the safety and the welfare of the community through aerial observation and support, is paramount throughout the organisation and forms to this day the basis for which all operations and activities are conducted and provided.

The Aerial Patrol is probably most widely known for its regular shark monitoring and beach safety patrols along the coastline between Palm Beach (north of Sydney) and Mollymook on the NSW South Coast. These patrols are undertaken on Saturdays, Sundays and public holidays throughout the course of summer October to April and constitute an observation platform for recreational safety be it, swimming, surfing, boating, fishing, bushwalking and the like as well as maintaining a watchful eye on potential bushfire hazards. As well, the Aerial Patrol is available to respond to an emergency 24 hours a day, 365 days a year.

In recent years, the Aerial Patrol has expanded its level of service to the communities of the south east region of New South Wales and through its affiliation with the NSW Volunteer Rescue Association, to the regional inland centres throughout NSW.

In 1993, the Bendigo Bank Aerial Patrol was recognised by the then Civil Aviation Authority as strategically well positioned, geographically, for Search and Rescue (SAR) and appointed the organisation as an Accredited SAR Unit.

This was expanded in 2001 to a Tier 1 SAR capability – the highest level of civilian fixed wing SAR in the Commonwealth and only one of three such organisations at that time and in the nation.

(cont Pg 5)

**Face to face
insurance.**
Good relationships are our policy.

No matter what you need to insure, the wide range of policies offered through Bendigo Bank will have you covered. But just as importantly, it's our commitment to face to face service for every one of our customers

that sets us apart. Talk to one of our friendly and knowledgeable staff today. For more information call into 1/200 Kerry Street, Sanctuary Point or phone 4443 9825.

A WORD FROM THE EDITOR

The August issue of the **About.....**[©] Magazine stands out for unusual stories and activities coming up.

Just to name a few the Bendigo Bank Aerial Patrol which was formed in 1957, the Vietnam Veterans Jervis Bay Charity Fundraising Golf Day which will be held at St. Georges Basin Country Club Golf Course, the Fundraising Concert at St. Peter's Anglican Church, Sanctuary Point featuring Soprano Roberta McGregor and Pianist Anne-Louise Glading, the Falls Creek Public School 125th Anniversary and the opening of the new Chinese Restaurant at Vincentia Golf Club.

The launch of the Bay & Basin in WWII Exhibition at Lady Denman Heritage Complex was a great success and will run until September 25.

Many thanks again to all the contributors and advertisers, the stories keep on coming in, especially about local history, talent and happenings.

Until next month.

Paul - Editor.

Bendigo Bank Aerial Patrol

(from Pg 3)

Parallel to that, a Working Agreement was formalised in 1993 between the Aerial Patrol and the Australian Volunteer Coast Guard by the then Minister for Emergency Services constituting the only such Agreement between a marine agency and an

aerial support agency in Australia. The Aerial Patrol, as a Registered Charity, has relied entirely on a wide range of community fundraising mechanisms to offset its operational costs. The promotion of annual raffles has been without a doubt the Aerial Patrol's most successful fundraiser. Four Local Government bodies within Illawarra and Shoalhaven provide funding towards the operations. A regional sponsorship by the Bendigo Bank and support from various Registered Clubs and local companies also inject funding towards operations. Further, a number of fundraising functions are conducted throughout the year. Together, these campaigns raise the \$700,000+ needed each year to ensure the continued operation of the Patrol's current community activities.

Aerial Patrol personnel undertake their duties in an honorary and voluntary capacity and are rostered for duty 365 days a year 24 hours a day. Air crew consist of 8 fully qualified commercial pilots, 44 qualified airborne observers, 12 accredited dropmasters/dispatchers and eight radio communications officers. The Aerial Patrol is based at the Illawarra Regional Airport at Albion Park. The charter remains as it was in 1957 and will continue as such, although the area and extent of operations has increased considerably since those early years.

Until Next Month, Keith Robinson – 4443 9825

Basin Villages Forum

basinvillagesforum.asn.au

The recent flooding and subsequent sediment flow into the Basin waterway was seen to be of disastrous proportions.

Forum has continually lobbied Council to ensure adequate stormwater & drainage plans & protective measures completed prior to commencement of works for all developments along Island Point Rd (leading to Island Point) as it was well known with the gradient of the land that once trees were removed and with rain events, the subsequent increased waterflow volumes would cause erosion and create problems for the sensitive lake of St Georges Basin.

The supermarket development had commenced with inadequate stormwater controls in place, the subsequent heavy downpours over two weekends had seen clay and sediment washed down into existing pipelines straight into the waterway TWICE. Council attended the site after receiving complaints from local residents. It is understood legal action is planned but this is seen to be action after the horse has bolted with detrimental affects to the sensitive waterway of St Georges Basin. Forum will continue to lobby and highlight the issue.

Important issues discussed with Forum representation at various Council venues -

- Huskisson Public Foreshore plans: Community Pride Taskforce; Community Engagement Strategy and Open Government Summit.
- One result of the Community Engagement Strategy was setting up of community committee to liaise with Council ensuring input of residents and local Forums (CCB's) were seen as relevant, noted and acted on.

Vietnam Veterans Jervis Bay Charity Fundraising Golf Day Sunday 21st August 2011 St Georges Basin Country Club Golf Course

The Vietnam Veterans Association of Australia Jervis Bay Sub Branch is holding its **Annual Charity Golf Day** at the St Georges Basin Country Club on **Sunday 21st August**.

The game is a two person ambrose and the entry fee is still \$20, with that you will receive two sausage or steak sandwiches plus 2 drinks. 92.7FM radio will be on hand to play some great music and as usual there will be a

monster raffle with loads of great prizes. This has become one of the most popular events on the golfing calendar.

Of the monies raised 20% will be donated to the Havenlee Special School and 20% to the Noahs Ark Centre. Additionally four disabled children will be sponsored to attend the Wollongong Special Childrens Christmas Party.

Player bookings may be made closer to the day at the Pro Shop or phone 4443 0836.

This event is sponsored by local businesses.

Basin Villages Forum (from Pg 6)

● Also problems noted for Bushcare groups with Councils apparent disregard for the safety of residents mowing on Foreshore reserve areas. For insurance purposes Bushcare members have strict guidelines that apparently does not relate to residents with properties adjacent to foreshore reserves who mow.

● Issue of dangerous tree limbs over local roads not resolved satisfactorily by Council, sent back to Forum for follow up.

● Letter of congratulations to Council for action on Forum's requested Sanctuary Point entrance sign, now in place.

● Community Pride Taskforce set up with community members taking action against graffiti and working for greater police presence in the area.

● Library placement and design at the District Centre still seen as problem.

● National Parks combined submission with Shoalhaven City Council and Southern Rivers Catchment Committee submitted for funding to purchase Heritage Estates for acquisition into the national park system.

● Residents request for support for completion or clearing of pathway near Maroney Ave leading to Anson St (SGB) will be acted upon.

● August is Basin Villages Forum AGM with all positions declared vacant. Chance for residents to work and assist the local community and the area.

Basin Villages Forum meets every 3rd Monday of each month (excepting Dec & Jan) at Meriton St Community Centre, commencing 7pm coffee and chat for 7.30pm start.

All welcome. Enquiries 4443 5080

UGANDAN ORPHAN'S SING FOR THEIR SUPPER

AIDS has run a ruthless rampage in Africa. So many have died... So many children have been left orphaned and vulnerable... So many people have suffered... And with each devastating loss, Africa collectively cries out, "Who will look after our children?"

On a visit to a simple Ugandan village in 1992, Gary Skinner (Watoto Church Senior Pastor) was reminded of the verse in James 1:27 that says, "Religion that GOD the Father accepts as pure and faultless is this: to look after the orphan and the widow in their distress and to keep oneself from being polluted by the world."

*The Watoto Children's Choir from Uganda, 18 children aged between 8 and 13 dressed in full native dress, will be making a return visit to the Bay & Basin area on **Wednesday 24th August** and will be performing at the **St Georges Basin Country Club** starting at **7:30pm** and lasts **1 hour and 20 minutes**. Entry is free and open to anyone who wishes to attend.*

Why not get your friends together and have dinner at the Club before the concert!

The choir gives the children an opportunity to share how Watoto has saved and enriched their lives, raise awareness of the plight of 2 million children in Uganda left parentless as

a result of war and disease and to raise funds by handing the hat around, selling cd/dvds etc. or by individuals sponsoring a child such as you would through World Vision.

These children are very inspirational. Don't miss this opportunity to see them.

Delighted by the Response

Andy and Josie Carter have been delighted by the positive response since opening “Walk on Wheels” – a business that sells, services, and hires comfort and mobility equipment for anyone who requires a little more independence and comfort, or rehabilitation from an injury or surgery.

When asked why Walk on Wheels has received such a positive response within the region over the past 18 months they replied – “It’s simple, we go the extra mile!”

This is what sets us apart from other mobility and health care equipment providers:

Massive Range of Equipment - We have a massive range of mobility and health care products in store, so those who visit our store can most likely find what they want on the day, and at an affordable price.

DRY²U
CARPET CARE

FREE QUOTES ~ PENSIONER DISCOUNTS

4441 5437 ~ 0412 770 887

Obligation Free Home Demonstrations - for those who cannot come to our show room in Ulladulla we arrange to come to them.

Specialist Trustworthy Advice – there are so many different styles and models of scooters, walkers, wheelchairs, chairs and beds and we believe it is important to be properly informed so the right decision can be made.

Researching Products – We will happily research a solution for a piece of equipment to help a certain condition or requirement, and if we cannot procure it we will happily put our client in contact with someone who can.

Delighted by the Response (from Pg 14)

Free Delivery to your Door – We regularly travel throughout the Shoalhaven region and will happily deliver and install, even the larger items such as lift and recline chairs and beds, at no cost.

SANCTUARY POINT

The month of August each year is devoted to preparing for and celebrating Children's Book Week. This is an annual event held to promote the wonderful world of Australian children's literature. It is the longest running children's festival in Australia, actually celebrating its 65th birthday in 2010. This year Book Week will be held from August 20th to the 26th and the theme is 'One world, many stories'.

During Book Week, all the nominated books will be on display in the Library. However, these will not be available to borrow until after Book Week. A list of the notable Australian children's books for 2011 will also be on display.

There will be a colouring-in competition to enter with Book Vouchers to be won. Once all the competitions are judged, they will be displayed throughout the library. So come on in and check out all the wonderful entries! We will also have competition entries for Nowra Library's competitions.

Check out the Children's Book Council of Australia's website at
<http://cbca.org.au/readers.htm>

for links to competitions, information and ideas for readers of all ages.

Special Preschool Storytime sessions will be held during Book Week to celebrate this event. So if you haven't already booked a spot, hurry up and do so!

Woollamia to Huskisson Pathway

When the Huskisson Woollamia Community Voice formed in 2005 one of the major issues of concern that was identified – by many people – was a connecting pathway between Woollamia and Huskisson.

We are pleased to say that this is now underway with the world class **Woollamia to Huskisson Toll-Free Walk/Cycle/Run/Dawdle Way**, bringing safety, security and entertainment to the local community. But the project is at a critical stage and we need help from the local community.

The first 50 metres of the path is due to be laid, from the Woollamia end, thanks to the generous support from Jervis Bay Caravan Park.

Our plan is to have 50 metres laid from the Huskisson end **AS SOON AS POSSIBLE**. This first section from the Huskisson end will incorporate sponsored pavers laid within it. The pavers – which are a major source of fundraising – are available for individual/family or business sponsorship. Individual or family sponsorship costs just \$50

We have confirmed sponsorship of 80 pavers. If we order a minimum of 100 pavers we pay no freight on their delivery to Huskisson. This is a major saving which will go towards construction of the path. We need sponsorship of at least 20 pavers ASAP.

Please consider sponsoring a paver, and if you would like to do this, don't delay – **DO IT NOW**. Help us get the first section laid from the Huskisson end, then we can watch the gap between the two ends get smaller, and smaller.

SKIN DEEP

Did you know that what you use on your skin may have the same ingredients used to dissolve oil and grease ... FOR YOUR CAR? Or have hormone disrupting chemicals and cancer causing agents?

If you are interested in knowing what you are applying to your skin, take a quick look at the ingredients list on commercial skincare products. Basically, if I can't pronounce it, I DON'T USE IT!

Many of us have dry skin and most commercial moisturisers contain a high percentage of mineral oil or other petroleum products. These do not absorb into the skin and clogs our pores and makes it difficult for our skin to eliminate toxins.

The big name cosmetic companies use just a few cents worth of ingredients and charge \$50 to \$60 and even hundreds of dollars. Our products contain natural quality ingredients, safer on our bodies and our purses.

I want to share with you the secret to making your own natural body butters, toners, moisturisers, lip balms, soaps and more. Your friends will be green with envy when they see the gorgeous products you've created.

In my classes we'll use top quality ingredients such as;

Macadamia Oil – protects skin cells from deterioration and an excellent emollient

Shea Butter – Proven to moisturise, rejuvenate, heal and soothe your skin

Aloe Vera – Stimulates the growth of new skin tissue.

About[©] Safety at Sea

MARINE RESCUE NSW JERVIS BAY UNIT "Safety of Life at Sea"

23ft Yacht Emergency

Marine Rescue Jervis Bay was thrown into action on Saturday 18th June 2011 to help search for a missing 23ft yacht that was reported overdue. The vessel left Port Hacking on Friday 17th at 1700 hrs en route to Jervis Bay. A full combined search and rescue exercise was put into action the next morning (Saturday) when the vessel was reported missing by the NSW Police and Marine Rescue NSW. Marine Rescue Units from Sydney, Botany, Port Kembla, Shellharbour, Shoalhaven and Jervis Bay were requested to support NSW Police Marine Area Command to launch an organised search to cover the NSW coast from Sydney to Jervis Bay.

The Jervis Bay Unit was requested to cover from Jervis Bay to Shoalhaven Heads using parallel runs ranging from 1 nautical mile offshore heading North to 3 nautical mile offshore on the Southern return leg. Our category 3 vessel the Colin Woods was used

for the search with a crew of four. Two crew were deployed on the fly-bridge as lookouts, continuously searching for a possible capsized yacht. One crew member was at the helm and the other was the radio operator with radio contact between Marine Rescue Bases at Port Kembla, Shoalhaven and Jervis Bay to receive updates. Constant surveillance was kept using radar and chartplotter electronics.

About[©] Safety at Sea

MARINE RESCUE NSW JERVIS BAY UNIT (from Pg 23)

The search continued from 0700 to 1100 in the morning when a radio message was received that the vessel had been located. All rescue vessels were stood down. The skipper appears to have decided to return to Port Hacking after deciding the seas were unsafe for the passage to Jervis Bay. Unfortunately he did not notify anyone of his return and resulted in a major search at considerable expense. A lesson to be gained here, always loggoff or notify a shore contact of your return. No doubt this incident will be acted on by the Marine authorities.

St Georges Basin V Berry Saturday 25th June 2011

Bailey Jones, Zac Pringle, Tyler Richards, Keiran Cox, Bailey Phillips, Toby Roberts, Bailey Hunt, Blake Merideth, Luke Cox & Coach Steve Cox.

The Mighty 7's

What a good game to start back after all the wet weather.

Both coaches should be very proud of all the boys all showing good skills for their ages.

The game started with both teams taking turns scoring with no one side getting a break away.

At the final whistle blow St George 26 - Berry 24, 1 goal kicked.

Kicking goals with a wet ball and slippery ground - not easy - this win gave the Basin boys a fifth win in a row. A very happy coach S Cox.

Keep it going boys well done

VOLUNTEERS NEEDED

BBCR is a community based organisation that provides social support services in the Shoalhaven with the assistance of volunteers for people who are frail aged, who may have dementia or be socially isolated.

Volunteers work together with staff to support clients to participate in social and recreational activities whilst at centre based or mobile groups. Duties include supporting clients to participate in social and recreational activities, meal preparation and assisting staff as required whilst at the centre or on outings.

In home social visits are provided by volunteers in the Bay and Basin area through our Shoalhaven Neighbour Aid Program.

If you have an interest in assisting older persons and a willingness to contribute to a stimulating environment aimed toward improving their wellbeing or would like more information please ring the **Social Support & Development Officer on 4443 3434.**

China Town “House of Guangzhou” comes to Vincentia Golf Club

It has been three months since the caterers at Vincentia Golf Club decided to move back to Sydney and the challenge for management to secure a permanent replacement that would not only measure up to the job but move the club forward has been met. After a few hiccups along the way Vincentia Golf Club are proud to announce that, from the 18th July 2011 the ‘House of Guangzhou’ restaurant formerly located in Ultimo Rd, China Town, Sydney, opposite Paddy’s Market, will take over the role as club caterers offering both Chinese & European cuisine to the Bay & Basin community.

The **House of Guangzhou** restaurant was established in Haymarket almost fifteen years ago and is recognised as one of the most popular of its kind in the China Town area, it boasts a 200 seat restaurant with a separate function area and has played host to some of the most prestigious events in Sydney such as Annual Labour Party Conference Dinners, Haymarket Chamber of Commerce Dinners and many high profile weddings and parties. Guangzhou known historically as Canton or Kwangchow, is the capital and largest city of the Guangdong province in the People’s Republic of China.

Mr James Jun Liu is the proprietor as well as being the head chef; his experience is extensive and includes both Asian and European cuisine. As well as working in the family business for many years, James is also a graduate of the Inter-Continental Hotel School, Sydney, it was here he studied under some of the best chefs in the country and developed a flair for European cuisine.

**China Town “House of
Guangzhou” comes to
Vincentia Golf Club** (from Pg 36)

As well as working in Australia, whilst at the Inter-Continental Hotel group, James had the opportunity to work in other countries such as Thailand and the UK and it was these opportunities and experiences that helped develop his varied array of skills. James comes with a multitude of formal qualifications as well as a number of specific awards for excellence from many different industry bodies.

In his “sea change”, James will be joined by his wife Winnie who will be the floor manager, they will also be accompanied by several experienced staff from Sydney and the remainder will be hired locally.

CEO Rob Packwood said, *“This appointment is a welcome addition to the Vincentia Golf Club facilities and provides a unique opportunity for Vincentia Golf Club and its members and also the Bay & Basin community; not only are we now able to offer a first class Asian dining experience again, but we are also able to offer a first class European menu. This situation is unique in the local club industry and the improvement in choice and quality will only strengthen the clubs brand, offering the clubs members and guests a superior quality dining experience at an affordable price.”*

Rob went on to say, *“The other benefit lies in the many functions the club is asked to cater for; we are now in a position to cater for a broader spectrum of clientele, ranging from simple finger food to elaborate seafood banquets. Vincentia Golf Club would like to offer James and Winnie a warm welcome and look forward to a rewarding partnership over the coming years.”*

The Wandering Gourmet – who paid for his own meal in China Town and recommends this restaurant.

St Georges Basin Senior Citizens

Are you in part or full retirement in the Bay & Basin? It is a great area in which to retire with many things to do. A very popular alternative providing you with "Quality of Life", "Fun Activities" and "Social Contact" are all available at:- **St Georges Basin Senior Citizens St Georges Basin Community Centre, 21 Meriton Street, St Georges Basin.**

Believe me, this is a fairly unique organisation for Seniors, providing many activities to give an opportunity to meet others with similar interests. The Tuesday Games day gives the best of fun, socialising and fun games without any pressure. Experience in the games is not a problem as our members are only too willing to assist new comers.

Interested in joining us? Please contact one of the following:-

Mondays – 9am-12 noon – Painting (Art) Group: With Joyce Francis as the volunteer tutor this activity provides ample opportunity to exploit and improve your talents in Art. The group is extremely popular, successful and well respected in this field. (Contact Margaret 4443 0013 to enquire of possible vacancies).

Mondays – 1.30pm-3.30pm – Computer Discussion Group:

(Phone Barry 4443 0013) As the name implies this is a discussion group for those wishing to extend and/or share their knowledge of computing with like minded Seniors. The group is also designed to carry on towards the next step after completing the Basic Computing course.

Tuesdays – 9am-2.30pm - Bowls, Darts & Euchre: (Phone Margaret 4443 0013) Join us in a friendly game of indoor bowls and/or darts. If your preference is for cards, a friendly game of Euchre is also available. Beginners are most welcome and encouraged in all these Indoor Sports activities.

Alternate Fridays – 9am onwards – Walking Group:

(Contact Francis 4443 7450 for details). Organised walks are held on alternate Fridays and include bush walks, beach walks, established walking paths, etc. All walks are planned to suit the Senior Citizen. Members take their own lunch to enjoy socially at the completion of the walk.

Members of Basin Seniors may attend any of the weekly activities listed above. There are also various lunches (usually held on specified Tuesdays), day outings and tours and our Annual Holiday (usually 6 days/5 nights). Members bring their own lunch unless a special luncheon has been arranged.

"Seniors" are those over 50 years in full or semi retirement. Membership fee is \$7 per year, plus a small charge when attending the various activities. Morning or Afternoon Tea

is supplied at the Monday and Tuesday activities. Hope to see you soon, Barry

Bay and Basin Leisure Centre sustainability funding

The Bay and Basin Leisure Centre has been successful in securing funding of 70 thousand dollars to upgrade its energy efficient processes. The funding stems from the Waste Service Performance Improvement Payment program that assists Councils to improve waste and sustainability outcomes within their local government areas.

Heating water and running air-conditioning systems are the most expensive energy uses in our homes. Council's Leisure Centres are heating millions of litres of water for 24 hours a day and running air conditioning units for 14 hours each day, so improvements to the way Leisure Centres use energy is a continual and vital process.

This is part of Council's over all vision of reducing its carbon foot print and energy consumption in order to protect our natural resources and to show leadership in ecologically sustainable development and living.

Over the past five years, Council aquatic facilities have been working on their environmental strategy in offsetting the demand for heated water gas and electricity and water.

Stage one of the process was the installation of solar heating such as evacuated cells which heats water for pool water and heating for the showers.

Stage two was the implementation for rainwater harvesting to use as a top up for councils pool water. This offsets the huge amount of council water usage, as one backwash of the filtration system uses in excess of 20 thousand litres of water. The rain water harvesting tank holds 160 thousand litres.

Stage 3 is site power generation with photovoltaic solar cells. The current system recently installed at Bay and Basin Leisure Centre is 14.1 kilowatt system, which will further reduce energy need for Bay and Basin Leisure Centre.

In the upcoming years Council will be building on this system to double it capabilities in attempt to further reduce council's carbon footprint. These energy efficient and sustainable practices are planned to be implemented at all of council's year round facilities over the next few years implementing similar systems at Ulladulla Leisure Centre and Sussex Inlet Aquatic Centre.

The RAAF at Jervis Bay During WWII

Though Jervis Bay has always been associated with the Royal Australian Navy, during World War II, what is now HMAS Creswell was used by all three services and the British Royal Navy. It was also a residential village and a tourist resort as well.

The Royal Australian Naval College (RANC) built at Captains Point, completed in 1916 was forced to close in 1930 because of economic pressures. The buildings were leased out to hotel and guesthouse owners and became a holiday resort. The tourist industry became the main source of livelihood for many local residents. The Navy continued, intermittently, to use Jervis Bay.

During World War II ships sought refuge in Jervis Bay. The Queen Elizabeth and the Queen Mary, ocean liners refitted as troop carriers, anchored in the Bay on the way to the Middle East. RAN Fairmiles carried out manoeuvres in and around Jervis Bay. Exercises were conducted for navigation and anti-submarine activities.

The Army used the facilities at Captains Point to take stores, supplies and troops to the Battery set up on Bowen Island.

The RAAF at Jervis Bay During WWII (from Pg 40)

In 1942, the RAAF established the No. 2 Military Rehabilitation Unit at Jervis Bay for convalescent airmen. Former classrooms and offices on the eastern side of the quarterdeck were used. Wing Commander, Dr G. Burniston was commanding officer, and for three and a half years from 1942 about twenty-six women from the RAAF Nursing Service and the WAAAFs, under the care of S/O Gill, provided medical, physio and occupational therapy for injured airmen and ex Prisoners of War. The WAAAFs were also employed in a variety of positions: medical clerks, pay clerks, equipment personnel, nurses, canteen operators and kitchen staff.

*Patients (RAAF airmen) at
Jervis Bay No 2
Rehabilitation Unit*

During the RAAF occupation, some buildings were added, including a hydrotherapy unit at the rear of the gymnasium. The RAAF also occupied the Commanding Officer's residence and its annex, several married quarters and the former Cooks and Steward's block. To assist patients on crutches, a walkway was constructed between the annex and the CO's residence with runners at the edge to prevent crutches slipping off. Airmen also used the gymnasium and the Quarterdeck for sport and exercise.

The residents of the village supported the war effort and the still intact tourist resort. Elaine Barclay (nee Jarman) was one of the many permanent residents of the village. She was a volunteer plane spotter and she worked in the guesthouses, in Hardiman's General Store and as an usherette at the Cinema. In 1943 she was employed on the switchboard in the telephone exchange, situated in the administrative block.

The British came to Jervis Bay late in the war. The airstrip on the Bherwerre Ridge was commissioned as HMS Nabswick.

The RAAF at Jervis Bay During WWII (from Pg 41)

Accommodation at the airstrip for men and aircraft was unsatisfactory, so squadron officers used rooms in the hotels and guesthouses of the tourist village. Foley's Hotel was requisitioned for senior officers, while half of Links House accommodated junior officers, and the other half remained 'civilian', occupied by a weekly influx of visitors from Sydney.

The RAAF Rehab Unit remained for a short time after the war to care for ex POWs.

There's A War On! World War II at Home* runs until September 4th.

Down to the Wire! The Bay and Basin in WWII runs until September 25. Both exhibitions will be on display in the Vera Hatton Gallery of the Lady Denman Heritage Complex, Dent Street and Woollamia Road Huskisson.

WOOL ROAD SPINNERS & WEAVERS INC.

Now that the cold weather is with us, the Spinners and Weavers are making some lovely warm and unique garments for ourselves and our families. We can spin or weave any colour of the rainbow that we like, or blend colours together to suit our colour way. We enjoy having fibre dyeing workshops, using natural dyes, and different kinds of commercial dyes. We have great satisfaction in producing unique and useful garments and accessories. It is a great feeling to make articles to your requirements.

The Spinners and Weavers also like making accessories using other craft techniques to compliment our outfits. For example, outfits can be decorated with handmade necklaces, earrings and brooches. Members help each other and share our knowledge with the group. Hand spinners can also spin yarns in wool, alpaca or many new exotic mixes. Whether you like to spin, weave, knit or crochet, felt or do other craft techniques, there are many possibilities for interesting projects.

We are currently involved in a group project to enter into the Meroogal Women's Art Prize, to be shown later this year, with some interesting ideas and items emerging. If you would like to learn how to do a new craft or would like to make some new friends and share your current project, why don't you come along to one of our meetings? If you are new to the area, newly retired or are looking for a new interest, new members are always welcome and no experience is necessary. The Wool Road Spinners and Weavers meet on the 1st and 3rd Thursdays of the month in the schoolroom at the Lady Denman Maritime Museum, Dent Street, Huskisson from 9am – 1pm.

For more information, please call Karen on 4443 5239.

St Georges Basin, 2540

Upper Kangaroo Valley Cycle

If you feel like getting out on your bike for a pleasant days ride try this trip. The route follows the Kangaroo River upstream to where the road ends at a private property gate near a lovely swimming hole known as Flat Rock.

Depending on how long you want to make the ride, suggested starting points are the Kangaroo Valley Showground or Ambulance Station (toilets at both), Hampden Bridge, or the corner of Upper River Road. Directions are simple. Once you cross the Hampden Bridge go about 1km taking the first right hand turn into Upper River Road and follow it to the end. It becomes a gravel road about half way along with a couple of rocky creek fords to cross, probably best done on a mountain bike, but not essential. The distance along Upper River Road is about 14kms.

Along the way you will see dramatic cliffines that slowly close in on you as you cycle through a mixture of cow paddocks and rainforest, the river with its small races always close on your right. Near the Upper Kangaroo Valley hall is a suspension bridge across the river that is worth getting off your bike for and stretching your legs. Yarrowa Estate Winery is up Scotts Road and does have wine tasting but it is uphill for just over a kilometre. If you want to see more of the river there are a couple of side roads that take you to a bridge or ford. The turnaround point at Flat Rock is a nice spot for lunch and a short exploratory walk or swim if you are keen.

Enjoy the return journey as technically it should be all downhill from here.

OUR FOSTER

So what does it mean to be “of the Shoalhaven”?

To be born unto this area, to live all but all of your life in the district.

To be a major contributor within your community, like your parents and forebears before you.

For those among us of non-Aboriginal descent who live in the Shoalhaven of today, there are very few people who can answer that they fit into these categories as well as Foster Emery.

Born in 1922, he was the son, grandson and great-grandson of a Wogamia tradition that started with a land grant to the Glanville family in the mid 1800s. Wogamia House still stands on the family property as it was built way back then, way back when the pioneering spirit of Berry’s “shoals” haven existed. And significantly, this was at a time when convicts were still tilling the soils of many parts of this district.

When we travel around the district in our vehicles today, we are often passed on the roads by SOILCO trucks on their journeys to deliver the recycled and somewhat structured soil and organic matter that they ply. In recent decade, Foster’s sons have grown this business from humble beginnings on the family farm. Before this, back to the decades of the 1920s and 30s, B.F.Emery of Wogamia has been a custodian of that wonderful piece of flat alluvial farmland that sits on the banks of the Shoalhaven River a few kilometres upstream from Nowra. Just beyond Longreach, Bamarang and Mundamia, and reached along a spur down off the road to Burrier, Yalwal and Coolendel, Foster’s farm was a country mile out of town for most of his life. For those **About[®]** readers who have visited the property of Bundanon and the Riversdale creative arts centre, the Emery’s farmland is all of the bend that is visible on the opposite side of the river from there.

OUR FOSTER (from Pg 45)

Foster was not only part of a long Shoalhaven farming tradition, he created plenty of his own, accepting all comers as they were. Over many years, his storytelling at sporting functions, and other community and family activities, was insightful, humorous, timely, full of wisdom and advice. And eventually, legendary.

But how does one get to achieve the status of a community elder who others not only listen to, but always respect?

On 1st March 1931, as a young boy under 10 years of age, Foster was one of the hundreds of youngsters who followed J.C.Banks (the creator of the cartoon comic strip Ginger Meggs) around during a cricket match at Huskisson organised with legendary Australian test cricketer Arthur Mailey. Mailey was also a noted cartoonist of the time. But Foster had more than good reason to be part of the throng of children at this game for his father Basil was captain of the Shoalhaven XI that day. The legendary West Indian Learie Constantine and the Australian team batting sensation Archie Jackson were

others that his father's team opposed in this match. Just one of the parts of this experience could be reason enough to inspire a youngster to develop a love for his sport.

80 years later, the Shoalhaven farewelled Foster as its "Mr Cricket". An audience estimated to be between 500 and 600 people crowded into Worrigea House to hear the stories that his children had videoed him telling in fireside interviews they had done with Foster and his wife Vinnie in recent times.

OUR FOSTER (from Pg 46)

In death, he still had people laughing at his humorous way of telling a yarn and enjoying the experience of sharing a life well lived with his thoroughly larrikinish gentlemanly way.

Some of these stories involved his schooldays at The Kings School Parramatta where, it was pointed out to the crowd, sport and not academic pursuits were his passion. One of the highlights of this experience was a story about the highly disciplined schoolmaster referred to as “Sergeant” who, having given “young Emery” a hard time of many of his days at Kings, could do nothing more than watch with teeth clenched as Foster drove out the schoolgates one day in the car of the school headmaster. He had requested Foster to go and deliver one of his guests to the railway.

Soon after his schooldays had completed, Foster ended up in Canada in the frost and snow as a pilot for the Allied Armed Forces during the Second World War. These stories on the day were much about survival, and thinking oneself lucky to be alive, but still, Foster managed to introduce humour into these experiences of life. *(To be continued next month)* **John Blackmore**

The Lady Denman Produce Market

1st Saturday of every month ~ 8am - 1pm

The market's theme: *'make it, bake it, sew it, grow it'* is more evident than ever, with lots of new stalls, more fresh produce, and oodles of great locally-made things to try and buy.

Bring your bags, stock up on gorgeous fresh fruit, vegies, olives and oysters and enjoy a terrific coffee and something to eat, all in the wonderful grounds of the Lady Denman Complex. The kids can feed the fish in the pond, or dance along to the music, while the grown-ups can sample homemade dips, creamy fudge, local honey and delicious cakes.

There's something for everyone, from toys to crafts, t-shirts to art, books, plants, jewellery and eco-products.

For information and stalls: 0459 050 935

or markets@ladydenman.asn.au

About[©] Fishing The Bay & Basin

G'day Folks.....

I hope everyone survived the big cold we had recently, the last month or so would have been a good time to catch up on some boat and gear maintenance that's for sure. The upside is everything has been given a good shake up and that will fire up the fish for sure.

Has everyone heard the one about the 26kg reddie caught in Jervis Bay! Pull the other

leg it plays jingle bells mate. It's amazing what photo shop and text messaging can achieve. Last reports were it was 41kg and fisheries bought it for \$10,000...

The same can be said for rumours of fisheries trawling 6 ton of fish from the Basin for research. Wrong! And threatening fisheries officers at the boat ramp regarding this issue is just plain stupid.

I recently participated in a trawl survey one evening in the Basin. Each trawl was 5 mins long using a 3m by 90cm long net. No more than a dozen fish or prawns per shot were collected, measured and then returned to the water. This method has been utilised for the past few years and valuable data about Recreational Fishing Havens all over NSW has been collected. Large amounts of fish are not being taken and if you do witness such an event you should be encouraged to record boat rego's etc and call the illegal fishing hotline on 1800 043 536

Speaking of netting large amounts of fish in the estuaries, The Shoalhaven Heads Hotel Fishing Club recently delivered a petition to Member for Kiama Gareth Ward calling for a reduction in the amount of netting effort in the Shoalhaven River, citing that professional fisherman from outside the Shoalhaven area are placing too much pressure on an already dwindling resource. In an ideal world it would be great to see our estuaries without nets but the public has a right to eat fresh seafood and professional fisherman have the right to work and earn an income provided they operate within the law.

About[©] Fishing The Bay & Basin

G'day Folks (from Pg 48)

It's an emotive and complex debate that the community and government need to have. There are some people you would like to give a good wake up call to and that's the scumbags who think it's ok to leave thier rubbish on the wharves and parks and on the banks of Wandy Ck. Beer bottles, cigarette packets, bait packets, fishing gear, you people are a disgrace and give all good anglers a bad name. It's not hard to pack your rubbish and take it home with you.

Anyway the Basin has been a little on the patchy side, in fact Ernie did a day recently without so much as a bite! Having said that there have been some big whiting, tailor and salmon of all things and the Sussex River is full of luderick. In fact most rock ledges in the bay have luderick at the moment.

If you do manage to catch one with a tag make sure you hand it into the Marine Park Authority. They are currently tracking luderick which have been implanted with electronic tags to monitor their movements.

Burley up for a nice feed of bream, trevally and the odd drummer on those headlands where the rock meets the sand this month, and if you really want to put a bend in the rod head offshore to the reefs in 100m for big winter kings.

2011 CLUB CHAMPIONSHIPS START AT VINCENTIA GC

VINCENTIA LADIES CHAMPIONSHIPS After 4 rounds of keen competition and all possible seasons of weather, Marie Mennie has once again triumphed as Ladies Club Champion for 2011. In recent years Marie has dominated this event but had to produce some very consistently good golf to win from Cheryl Powell. Helen Lee was the winner in a very close fought Second Division from Captain Frances Savige. In Third Division an ultra consistent Christine Bray triumphed over Catherine Hayward.

Soo Martyn won the First Division nett from Marilyn London. Carole Andon played well to win the Second Division from Pauline Plewes and Betty Jackson turned back the clock to win Third Division from Jan Coyle.

Pennant Wrap The Vincentia girls were prominent in the Silver Pennants finishing with a win against Sussex Inlet to finish a very creditable third place in the competition just missing the final. The Gold Pennant team although competitive in each match finished down the ladder this year but expect bigger things to happen in 2012 having recently gained some new playing members to boost the team. The Vincentia Ladies play every Tuesday morning and have continued to draw good fields of forty plus throughout the winter months and new members are always welcome.

Champions and Runners up:
© Hayward, © Bray, M Mennie, © Powell, H Lee, F Savige

PROBUS Club of Jervis Bay Inc.

At the end of this month Club Members, their wives and friends will be heading off on a 7 day coach tour of the Great Ocean Road and visit various towns and attractions in this area. Travelling via Albury we will head to Colac. We spend four nights there and visit Geelong, Torquay, Bells Beach, Port Phillip Bay, Ballarat, Bendigo, Melbourne and some other towns as well. It is a pretty full 7 days but all booked on this tour are looking forward to what we are sure will be an enjoyable holiday.

Another outing we are looking forward to during this month is a Croquet challenge at the Nowra Croquet Club. This will be held on the 22nd August and will be hosted by the Nowra Probuss Club. Also taking part will be members from the Shoalhaven Ladies Probuss Club. These days are always good fun and enjoyable and provide an opportunity to meet new friends and renew acquaintances with members of other clubs. Our next meeting will be held at Vincentia

Golf Club on Monday 15th August at 10am. After the meeting we will enjoy a presentation with a Guest Speaker and then have a BBQ Lunch. This meeting will be enjoyed with the Ladies and we do extend an Invitation to interested new members and friends to come along and share this day with us. Further information about the Club can be obtained by contacting Phil Roberts on 4443 3022 or Gerry Lowenstein on 4441 5831. Early September will see us go to the next Nowra Players production called "A Celebration of Music Hall". This will be a special time for Nowra Players as it is part of their 60th Anniversary Celebrations. We are looking forward to this night's entertainment and convey to the members of Nowra Players our congratulations on the occasion of this special Anniversary. **Ron Strong, Publicity Officer - 4443 5354**

The news about Zumba[®] is all good

Simply put Zumba helps you feel great, have more energy, make new friends and burn calories.

Some of you may have already seen or heard the several famous sayings of

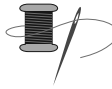

Zumba, such as: **‘Ditch the workout, Join the party!’TM** **‘The Latin-inspired, Easy to follow, Calorie burning, Fitness party’TM** or **‘Feel the music, let loose, and party yourself into shape’TM**.

You may be surprised to know there are different kinds of Zumba classes like:

ZumbAtomic, Zumba Toning, Aqua Zumba & Zumba Gold. Each of these classes offers different benefits.

Sewing & Alterations

Done by experienced seamstress

Repairs No Job too small

Alterations (same day where possible)

Reasonable Rates Hems

Zipper replacement

Gloria Hatgiantoniou

Ph **4443 2512** Mob **0412 670 813**

ZumbAtomic[®] is Zumba for kids; this class teaches rhythm, co-ordination and develops confidence. Also, because ZumbAtomic so much fun, the children more likely to continue to make healthy decisions and engage in exercise throughout their life time.

Zumba Toning[®] gives you the opportunity to develop muscle tone and strength

Zumba Gold[®] is for beginners & seniors. The huge benefits for seniors are that this class is designed to maintain movement, flexibility & balance. Therefore Zumba Gold will assist to keep the movements you require in everyday life, such as: picking up an item from the floor, reaching for something, walking & participating in your favourite activities.

Zumba is a dynamic, exciting and an effective fitness system.

Your nearest classes are:
Vincentia Primary School -
Tuesday's 6:30pm (Cardio & Toning) and
Huskisson Community Centre -
Saturday's 9:30am (Zumba Gold)

HUSKISSON RSL SUB-BRANCH

There are a multitude of dates that we can recall about Australia's commitment in various conflicts throughout the world. There is a strange reality that our Winter months of June, July and August have been so decisively recorded. The British Empire, including Australia on the 4th August 1914 were forced into a four year conflict with Germany, which was termed the "Great War". Then on 25th June 1950 after discord with Communist Russia Australia joined it's allies to repel the "Red" hordes in Korea.

The 37 months of bitter fighting in Korea saw 339 Australian service personnel killed before a technical armistice was signed on 27th July 1953. Australians continued to serve in the area for some time as a peace keeping force.

On 18th June 1948 the Malayan Emergency began, again to repel Communist activity from the North and from 1950 onwards was to involve Australian services for another 13 years, which is the longest time in history for this country in a single conflict. August again in 1939 saw great

upheaval with the German nation to force Britain and its allies into war on 3rd September of that year. Six years of bitter fighting for the majority of the world countries brought unparalleled destruction and sacrifice. Australia has a history of never starting a conflict, but have always come to the aid of the oppressed. The Annual Vietnam Veterans Day will be observed with a ceremony on Thursday 18th August and the Huskisson RSL Sub-Branch will hold their usual Vietnam Veterans Dinner in the Club on Saturday the 13th August. All members and guests are requested to attend the August meeting of the Sub-Branch, which will be in the Club Auditorium on the second Thursday at 7.30pm sharp.

Peter Chamberlin - Publicity Officer.

Presents

The Sydney Travelling Film Festival

It's that time of year again when we welcome back the Sydney Travelling Film Festival to our beautiful area. Last year's Film Festival Manager has moved on again and we look forward to working with her replacement Claudia Santangelo. I'm sure we will welcome her warmly when she arrives. **This year's festival will be held on the weekend of August 26th – 28th.** The films were unknown at time of printing but by now our latest programs will be in the shops with what's screening over the weekend. Nine quality international films will screen over the weekend ranging from comedies, documentaries to romances. Our programs will have the times and dates for the upcoming festival. Be sure to book early as we usually book out most films especially opening night. To reserve your tickets just call in and see the staff at the candy bar or you can book over the phone by calling 4441 5076 and just leave a message if you can't get through. We're looking forward to screening a fabulous program and hope that you'll be there to share in this great weekend of entertainment. We'll also have lots of fantastic movies right throughout August at both Huskinson and Sussex Inlet Cinemas.

Rise of the Planet of the Apes August 4: Yes the apes are back but this is a prequel. An origin story set in present day San Francisco, where man's own experiments with genetic engineering lead to the development of intelligence in apes and the onset of a war for supremacy.

Out and About[©]

Huskinson Pictures (from Pg 54)

Red Dog August 11: This feel good Australian movie is based on the legendary true story of the Red Dog who united a disparate local community while roaming the Australian outback in search of his long lost master. It's one for young and old and should be a big hit.

We'll also be screening **Hanna, Beautiful Lies, Captain America, The Green Lantern, The Eagle** and more. Don't forget Inlet Cinema has a great deal; on Tuesday nights you can watch a movie at the Cinema and have dinner at the local Tavern all for just \$10. For information call Inlet Cinema on 4441 2884.

About[©] Local Sport

Coondoo Classic

Once again Vincentia High School hosted the 'Coondoo Classic' - South Coast Secondary

Schools Cross Country Mountain Bike Championships. This is an annual Mountain Bike event, which involved students from as far as Woonona through to Eden. This year 230 riders took part from 14 different schools in the 4 hour enduro race. A team of 105 students represented Vincentia High and proudly VHS won medals in the senior, intermediate and junior divisions.

The generous support given by many allowed for the smooth running of this event, in particular WRIGHTS CHAINSAWS NOWRA who is now a major sponsor of the VHS MTB Club. Thank you to all who assisted - SCUM members, St Johns Ambulance, parents, teachers, students and especially Mr James Wright and Mrs Cathy Boyce for organising this event. All enjoyed the competition and appreciate the opportunity to experience the 'Coondoo Classic'. 55

“Our Macca” R.I.P.

Mark McInerney

June 14th 1951 - June 16th 2011

by Lori Robertson

Our Macca was a legend - you only had to ask him and he'd tell you! He was a bloody god bloke who'd never let the truth get in the way of a great story! He was generous, always good for a laugh and was absolutely fabulous at his 'one-liners!'

Macca always said “you're only as old as whoever you're feelin' at the time!” - then, he'd give whoever was standing there a gentle squeeze with a devilish grin (as long as they were younger than him, that is!)

Mark's workmates and most patrons at our club have always known him as Macca and there are also some who only knew him as Mark. Our Macca touched a lot of people lives during his life. He was young at heart and helped out a lot of people over the years. He loved fishing with his mates, his old motorised bike and mostly his family and his friends.

Our Macca was a gentleman who never slowed down - he way always on the go! He was one of the best barmen and hardest working persons we have had the pleasure of working with. He talked to everyone and would make strangers or friends feel instantly welcome. There are so many stories attached to Our Macca. I am sure each of us know many, many more! Farewell to our mate Macca. He will be remembered as: a mate, a friend, a buddy, a pal, a dad, a son, a brother, an uncle, a grandfather - and he will be remembered for his wit and charm and for being a bloody good bloke.

Our Macca may be gone, but he will never be forgotten...
